In seeking a theme to set the pace of your 1968 EAGLE, the staff found that often the most inspiring and magnetic are overlooked. Our theme, yes, is . . . WHERE THE ACTION IS. Action takes place in learning and living, whether on the athletic field or as a composition in English or Painting.

The staff presents this record to you not only that you remember these important and wonderful days of the school year but also in the hope that you may carry with you where ever you go, a spirit of WHERE THE ACTION IS as a striving to excel.

Sandra  
is a real good  
kiddo who really  
doesn't look into  
the future. "69"

**WILLARD W. GOODHUE**  
**PRINCIPAL OF BELL**

Dranda-  
to the best looking  
girl in the Bell High  
gives lots of luck  
Rush  
"5'68"

The success and progress of Bell High School is guided largely by our principal, Willard W. Goodhue. Every aspect of activity at Bell, as to what is essential and vital, from registration to athletic functions and public relations are under his guidance.

We like to think that Bell's success has come from a respect for basic abilities, an insistence upon imagination, and a recognition of the student's place in a world of educational needs.

We like to think this is where the action is . . . at Bell.

#### BOYS' VICE-PRINCIPAL

As Boys' Vice-Principal, John Hales is concerned primarily with the student life of Bell, but his interest in the students is more than supervision.

Mr. Hales' genial personality often smooths out problems for the student and helps to maintain a friendly atmosphere within the school. Between student and administrative duties Mr. Hales keeps a busy schedule.

#### GIRLS' VICE-PRINCIPAL

The past year has found Mrs. Betty Maltby serving as Girls' Vice-Principal of Bell. She has myriads of interests and duties to attend to - supervision of girls, as individuals; and surveillance and control of social activities.

Mrs. Maltbys extensive experience and personal dedication has added to the progress of Bell.

The image shows a document page with handwritten text. In the top left corner, there is a small, dark, irregular shape that appears to be a drawing or a stamp. The main body of the page contains several lines of handwritten text, which are mostly illegible due to the extreme blurriness. The text is written in a cursive or script style. The overall appearance is that of a scanned document with very low resolution and high noise.

## WHERE THE ACTION IS

The first thing I noticed  
 when I stepped out of the  
 plane was the heat. It was  
 a relief from the cold of  
 the north. The people here  
 were so friendly and  
 the food was so good.  
 I was in luck. I had  
 found a place to stay  
 and a job to do. I was  
 in the middle of the  
 action.

There are those who will ask what the purpose of student government is. We will clarify. There are those who will doubt the power of ideas. We will speak. By action we can build up and not tear down. We do propose and act upon excellence and not mediocrity. We must create and build, think and act, work and produce, else we will not rise to the leadership and quality the nation needs.

Dear Lord,

In the battle that goes on through life,  
I ask but a field that is fair,  
A chance that is equal to all in the strife,  
The courage to strive and to dare.  
And if I should win, let it be by the code,  
With my faith and my honor held high,  
And if I should lose, let me stand by the road,  
And cheer as the winners go by.
